EXPECTED LIFETIME

The Expected Lifetime is the estimated period of time for which the fireside chair is expected to function according to its intended use.

Various items such as weight capacity, user behaviour, and intensity of use can affect the expected lifetime.

WEIGHT CAPACITY:

If the user exceeds the weight limit specified, it may affect the fireside chair's expected lifetime.

USER BEHAVIOUR:

Using excessive force, rough handling or dropping components can significantly shorten the fireside chair's expected lifetime.

INTERNAL CONDITIONS:

Exposure to direct sunlight, humidity and extreme temperatures can impact the fireside chair over time. Ensure the chair is kept in a suitable environment to minimize these effects.

USAGE:

A fireside chair that is used daily may experience more wear and tear compared to a fireside chair that is used occasionally.

The expected lifetime for the fireside chair is 5 years providing the instructions and information within this user manual are followed.

Regular cleaning, lubrication of moving parts, and tightening of loose fixings will prevent premature wear and damage and extend the product's lifetime.

The expected lifetime is not related to the product warranty.

WARRANTY

If a component requires repair or replacement due to a specific manufacturing or material defect within its warranty period, it will be repaired or replaced free of charge by CareCo.

- **1-YEAR LIMITED WARRANTY**

Consumables are not covered under normal warranty circumstances unless they have clearly suffered excessive wear or damage as a direct result of a manufacturing defect.

The guarantee for the fireside chair is not transferable.

Parts that have been previously replaced that require subsequent repair or replacement due to manufacturing defects will be honoured for the remainder of the bathlifts warranty period.

Parts that have been purchased by the end user after the original warranty period has expired have a warranty period of 12 months.

CareCo is not responsible if the fireside chair requires repair or replacement as a direct result of:

- Changes or modifications made to the product that fall outside of the manufacturer's specifications
- The product not being serviced or maintained according to the manufacturer's recommendations contained in this user manual.
- Negligence, Accidental Damage, and Improper use.
- Repairs attempted before CareCo have been notified.
- The product being purposely damaged or mistreated.

In the unlikely event that this product is recalled, CareCo will notify the user.

Please ensure that your contact information is up to date.
