FULL PAGE MAGNIFIER

INSTRUCTION MANUAL

For correct usage, read these instructions carefully and keep in a safe place for future reference.

Product Information

The giant hands free magnifier is ideal for a multitude of tasks including hobbies where precision is imperative. It can be hand held, hung around the neck using the nylon string or the inbuilt feet can be folded out for freestanding use.

Product Use

1. Remove battery compartment cover located on the back of the magnifier and insert 2 x AAA batteries (not included). Replace the cover.
2. Open table legs by gently pulling the catch back. Alternatively for hands free use fold the legs in and hang the magnifier around your neck with the cord.
3. Turn light on or off by sliding the ON/OFF switch to the left or right. For optimal results, the magnifier should be approximately 4〃（10cm） from the subject.

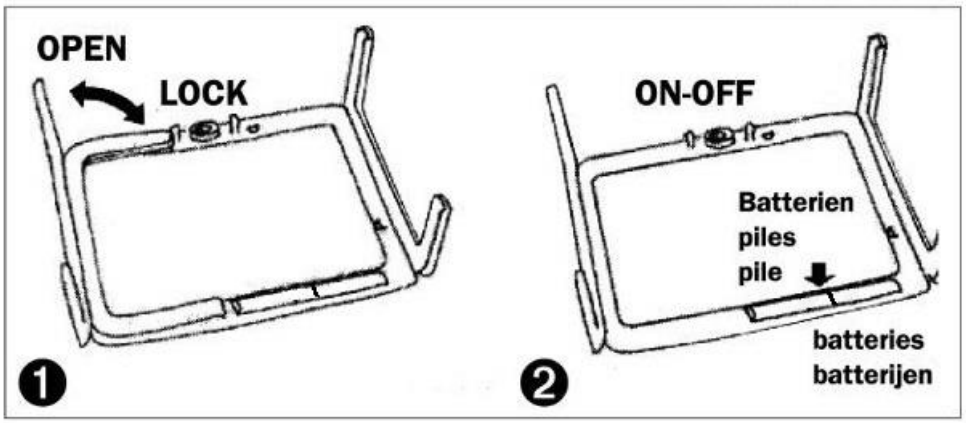
Use batteries properly:

•Do not mix old and new batteries. Remove flat batteries from magnifier and recycle.

•Do not mix alkaline, standard (carbon-zinc), standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.

• Insert batteries with the correct polarity.

• If the unit will not be used for an extended period of time, remove the batteries.

•Do not recharge non-rechargeable batteries. If using rechargeable batteries, remove from magnifier before charging. Specifications


3.5X Magnification
4 bright LED lights
Length 27.5cm
Depth 20.5cm
