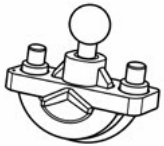
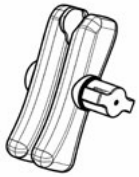
Carton Contents:

Phone Holder (A)



Tiller U-Bracket (B)

Mirror Y-Bracket (C)



Clamp (D)

Wrench (E)

General Warnings:

- Ensure the scooter is powered [OFF], in [DRIVE] Mode, and is on a level surface before installation or adjustment.
- Do not use the phone holder if any part is loose, damaged, or incorrectly fitted.
- Install the phone holder in a position that does not obstruct the controls, display, mirrors, or the safe operation of the scooter.
- After installation, turn the handlebars fully left and right to ensure the phone holder does not interfere with steering or come into contact with any part of the scooter.
- Check that all fixings are tightened securely and that the phone holder is firmly fitted before each use.
- Do not adjust the phone holder or operate the phone while the scooter is moving.

Specifications:

Device Size Compatibility	4.7 ~ 7in
Compatible Device Thickness	< 16mm
